

Knowledge Building Analytics

Where We Are and Where We Are Headed

Learning Analytics

- Learning analytics is the measurement, collection, analysis and reporting of data about learners and their contexts, for purposes of understanding and optimising learning and the environments in which it occurs.

Knowledge Building Analytics

Agenda

- A conceptual framework of knowledge building analytics
- Design of theoretically-informed analytics for knowledge building
- Building analytic tools with Knowledge Forum APIs
- **Small-group work**
- Synthesis and reflection
